
TOPIC FOR ORAL DISCUSSION

Solicitation No. 2002012C

Remediation at Multiple Drycleaning Solvent Contamination Sites

Selected contractors will be required to concurrently manage multiple drycleaning solvent contamination sites. At each of these sites, the Department's goal is to complete contamination assessment, remedial design, construction, and begin operation of the treatment system, (or begin natural attenuation monitoring, if that is the selected remedy) in less than one year. The prospective contractor should explain how they would assist the Department in achieving that goal.

Although cost controls may be discussed, the prospective contractor shall not present any cost proposal information during their discussion. Cost proposal data will be requested from the firms recommended for contract award and negotiated in accordance with Section 287.055, Florida Statutes.

The discussion shall last no longer than forty-five (45) minutes, and will be immediately followed by a fifteen (15) minute question and answer period. No more than five (5) people from the firm may be present in the oral discussions. Each prospective contractor is responsible for providing all audio-visual equipment necessary to conduct their discussion. Oral discussions will be evaluated according to the criteria listed on the Oral Discussions Evaluation Criteria Form (attached).

All materials (written or otherwise) provided by a prospective contractor to the Oral Review Committee during their presentation will be returned to the prospective contractor at the end of their presentation.

REMAINDER OF PAGE INTENTIONALLY LEFT BLANK

ORAL DISCUSSIONS EVALUATION CRITERIA

SOLICITATION NO. 2002012C

Prospective Contractor: _____

Date: _____ Reviewer: _____

CRITERIA:

SCORE:

Assessment and Remedy Selection (Weight x 3) _____

Recommended approach to integrate the contractor's internal assessment and engineering staff in order to expedite the transition from assessment to remedial design, including measures to achieve early identification of the most likely remedy and collection of necessary design data.

Construction And Operation Of Active Treatment Systems (Weight x 3) _____

Recommended approach to optimize remedy cleanup performance in order to achieve maximum environmental results. Include a description of the criteria and milestones used to evaluate the effectiveness of the remedy. Describe methods to integrate cleanup performance with routine system operation in a cost-effective manner. The contractor should present methods on both a single site and multiple site basis.

Pay-for-Performance (Weight x 2) _____

Recommended approach to incorporate pay for performance concepts into the drycleaning program.

Monitoring/Natural Attenuation (Weight x 2) _____

Recommended proactive approach to monitoring active remedies and natural attenuation remedies in order to reduce costs, manage data, and move quickly to a Site Rehabilitation Closeout Order (SRCO). Explain how the contractor will identify and address natural attenuation sites that are not achieving expected attenuation rates or cleanup goals.

Process/Project Management (Weight x 1) _____

Throughout the presentation, discuss how the contractor will provide efficient project management, effective communication, and issue resolution for work being conducted under this contract.

Knowledge of State Rules and Regulations (Weight x 1) _____

Throughout the presentation, demonstrate a thorough knowledge of the applicable State and Federal rules and regulations for conducting cleanup at Drycleaning Solvent Cleanup Program sites and Hazardous Waste sites.

TOTAL SCORE: _____

Scoring Method:

Oral discussions will be evaluated according to the criteria listed on the Oral Discussions Evaluation Criteria Form. Each member of the Oral Review Committee will assign a score from zero (0) to five (5) points for each of the criteria. Points will be assigned for each criterion as follows:

- Zero (0) Points = the criterion is **not addressed**, or is **devoid of merit**.
- One (1) Point = the criterion is **poor**; contains significant deficiencies
- Two (2) Points = the criterion is **fair**; contains some deficiencies
- Three (3) Points = the criterion is **satisfactory**; no significant deficiencies
- Four (4) Points = the criterion is **good**; contains some superior features
- Five (5) Points = the criterion is **superior** in most or all features

The maximum total score a prospective contractor can receive is sixty (60) points.

Following the completion of all oral presentations, each member of the Oral Discussions Review Committee will rank the prospective contractors in accordance with the scores given by that review committee member. An average ranking will then be calculated from the ranking scores of all members of the Oral Discussions Review Committee.

TABULATION OF RESULTS OF ORAL DISCUSSIONS

Page 1 of 1

Failure to file a protest within the time prescribed in Section 120.57(3), Florida Statutes, or failure to post the bond or other security required by law within the time allowed for filing a bond shall constitute a waiver of proceedings under Chapter 120, Florida Statutes. Protests must be filed with the Procurement Section, Department of Environmental Protection, 3800 Commonwealth Boulevard, MS#93, Carr Building, Room 235, Tallahassee, Florida 32399-3123 within the time prescribed in Section 120.57(3), Florida Statutes and Chapter 28-110, Florida Administrative Code.

Any person who files an action protesting a decision or intended decision pertaining to contracts administered by the DEP pursuant to s. 120.57(3)(b) shall post with the DEP at the time of filing the formal written protest a bond payable to the DEP in an amount equal to one percent (1%) of the DEP's estimate of the total value of the contract, which bond shall be conditioned upon the payment of all costs which may be adjudged against him in the administrative hearing in which the action is brought and in any subsequent appellate court proceeding. In lieu of a bond, the DEP may accept a cashier's check or money order in the amount of the bond. **FAILURE TO FILE THE PROPER BOND AT THE TIME OF FILING THE FORMAL PROTEST, WILL RESULT IN A DENIAL OF THE PROTEST.**

Notes:

- (1) Firms recommended for contract award. If the Department and any of the selected firms are unable to negotiate a contract, the Department reserves the right to terminate negotiations with that firm and begin negotiations with the next highest ranked firm(s).

TABULATION OF RESULTS

Page 1 of 3

Failure to file a protest within the time prescribed in Section 120.57(3), Florida Statutes, or failure to post the bond or other security required by law within the time allowed for filing a bond shall constitute a waiver of proceedings under Chapter 120, Florida Statutes. Written notices, formal requests and proceedings must conform with the requirements set forth in Chapter 28-110, Florida Administrative Code (F.A.C.). Protests must be filed with the Procurement Section, Department of Environmental Protection, 3900 Commonwealth Boulevard, MS#93, Tallahassee, Florida 32399-3000 within the time prescribed in Section 120.57(3), Florida Statutes. Notices delivered by hand delivery or delivery services must be made to the Procurement Section, Department of Environmental Protection, 3800 Commonwealth Boulevard, Carr Building, Room 235, Tallahassee, Florida 32399-3123.

Any person who files an action protesting a decision or intended decision pertaining to contracts administered by the DEP pursuant to s. 120.57(3) shall post with the DEP at the time of filing the formal written protest a bond payable to the DEP in an amount equal to 1 percent of the DEP's estimate of the total volume of the contract or \$5,000, whichever is less, which bond shall be conditioned upon the payment of all costs which may be adjudged against him in the administrative hearing in which the action is brought and in any subsequent appellate court proceeding. In lieu of a bond, the DEP may accept a cashier's check or money order in the amount of the bond. FAILURE TO FILE THE PROPER BOND AT THE TIME OF FILING THE FORMAL PROTEST, WILL RESULT IN A DENIAL OF THE PROTEST.
