

## List of Poster Presentations

- #1 **nValley Technology Center** - Martin Ball, City of Yonkers
- #2 **Revegetation of Exceptionally Steep Steelmaking Slag Slopes at the Nine Mile Run Slag Dump, Pittsburgh, PA** - John Buck, Civil & Environmental Consultants, Inc.
- #3 **In-Situ Remediation Technology Application Case History** - Richard Cartwright, MECX, LLC
- #4 **Using Groundwater Models to Assist in the Selection of a Brownfields Remedy - Environmental Considerations in Land Use Management: Future Use Assessment and Evaluation of a 2,200-Acre Industrial Property** - Robert Crowley, MFG, Inc.
- #5 **Economic and Environmental Assessment on Baltimore Park Heights Brownfields and GIS System Development** - Wenjuan Lu, Morgan State University
- #6 **Effective Strategies for Identifying and Confronting Brownfield Complications** - Robert Napieralski, TVGA Consultants
- #7 **Remediation/Redevelopment of Former Wood Treating Site Using Cement-Based Solidification/Stabilization** - Robert DeLisio, Key Environmental, Inc.
- #8 **Desorption of PCBs from Soils in the Presence of Hydroxypropyl-b-Cyclodextrin** - Shamil Cathum, SAIC Canada
- #9 **Lead Base Paint Conversion Technology** - Scott Edwards, Metals Treatment Technologies, LLC
- #10 **The City of York's Gateway Corridor** - Paul Hayden, Arc Environmental, Inc.
- #11 **Imaging Your Way to a Better Brownfield Site** - Peter Hutchinson, The Hutchinson Group, Ltd.
- #12 **FAA National Airway Beacons Program** - Julie Skeen, Booz Allen Hamilton and Christopher Zevitas, USDOT/RSPA/Volpe Center
- #13 **Remediation is a Mental Game within a Strategy for Success** - Michele Lyerla, Shaw Environmental, Inc. and **Bioterrorist Anthrax Remediation of a Postal Facility** - Larry Stearns, Shaw Environmental, Inc.
- #14 **Innovative Environmental Assessment Techniques to Facilitate Redevelopment of Two Urban Properties in Lynn, Massachusetts** - Charles Farrell, The Johnson Company, Inc.
- #15 **In Situ Biogeochemical Stabilization of Creosote/Pentachlorophenol NAPLS Using Permanganate** – Mitchell Brouman, Beazer
- #16 **Anatomy of Streamlined Site Investigation and Cleanup in a Reuse Setting** - Angela Patterson, CDM
- #17 **Six-Phase Heating™ Enables Rapid Redevelopment of Sites in Illinois** - Joseph Pezzullo, Current Environmental Solutions
- #18 **M1: Advanced Technology for Onsite Treatment and Reuse of Soils** - John Bova, USR Ltd.
- #19 **The Role of Ecological Enhancements and Habitat Creation in Site Restoration Projects** - Heloisa Schmidt, Wildlife Habitat Council
- #20 **Environmental Benefits, Energy Savings, and Pollution Prevention at a Landfill Cap/Cover Construction Project at the Barksdale Air Force Base, Bossier City, Louisiana** - Danielle Sheheen, Weston Solutions, Inc.
- #21 **Arsenic in Soil and CCA Treated Wood by FP-XRF** - David Mercurio, NITON LLC
- #22 **Ozone, Oxygen, and Hydrogen Peroxide Injection for Aggressive In-Situ Chemical Oxidation of MTBE and TBA** - Charles Whisman, Groundwater & Environmental Services, Inc.
- #23 **A Decision Support Tool for a Risk-Based Refinery Characterization and Remediation** - Patrick Williamson, Waterstone Environmental Hydrology & Engineering

- #24 Quantitative Decision Analysis & Probabilistic Modeling in Support of Property Condemnation Proceedings and Site Redevelopment Planning** - Timothy Havranek, Triangle Economic Research
- #25 Anaerobic Biodegradation and Biotransformation Using Emulsified Edible Oils** - Mark Kluger, Dajak®, LLC
- #26 Reductive Dechlorination of TCE During a Brownfield Redevelopment Using HRC** - Michael Sieczkowski, Regenesi Bioremediation Products
- #27 In-situ Bioremediation of Pesticide Impacted Soil at the THAN Superfund Site, Montgomery, Alabama** - Steven Gable, Adventus Remediation Technologies, Inc.
- #28 Engineering Controls Proposed to Eliminate Human Exposure and Remediate Residual Sources of Petroleum Hydrocarbon Contamination at a Site Planned for Redevelopment into a Residential Apartment Building** - Daniel Canavan and James Schaefer, Jr., Geologic Services Corporation
- #29 Full-Scale ISTD Treatment at Former Wood Treatment Facility, Alhambra, California** - John LaChance, TerraTherm, Inc.
